## *It's time for another exciting year of James River High School Athletics*

Our James River Athletic program has become one of the best in the region; offering 15 different sports and fielding over 30 teams at the varsity, junior varsity and freshman levels. We have fantastic coaches that spend countless hours helping our student athletes be their best. The teamwork, self-esteem, confidence, discipline, and friendships that come with high school athletics will stay with our students for the rest of their lives.

The goal of the JRHS Athletic Boosters is to help provide our coaches and student athletes with the tools required to safely compete at their highest level. Operating a successful program requires a significant amount of money. Chesterfield County provides funding for most coaching positions, but equipment, uniforms, officials, security, field maintenance, and some travel expenses are the responsibility of the school.

## *We need your help to keep our athletes in the game...please consider joining today!*
